Daniel Hunt
Acting Director-General
Department of Natural Resources and Mines

Conditions: Schedule A

2.37

The taking of water under this authorisation for waterharvesting purposes is permitted only when the flow of water in Winder Creek exceeds the height of the weir as authorised by Licence 47144I, subject always to prior announcement of the existence of the flow rate by the chief executive or local representative in writing or by press, radio, recorded telephone message or other public information system.

4.39

Water must not be taken under this authorisation unless a measuring device of a type approved by the chief executive to measure the volume of water taken is installed.

5.42

On each occasion that water is taken under this authorisation 47145I, the holder must record the meter or measuring device reading, the date and the time at the beginning of the period when take commenced; the meter or measuring device reading, the date and time at the end of the period that take ceased. Such records must be made available to the chief executive at Bundaberg within two (2) business days .
